Aosta, Italy 8-11 May

Through exhibitions, training and education, Attiva s.r.l., the 'in house society' of the Chamber of Commerce of Valle d'Aosta (Italy), aims at illustrating the progress achieved as well as future perspectives of renewable-energy-based technologies for energy efficiency and saving, with a special focus on mountain areas' applications.

Rigenergia represents an international meeting thanks to the synergies created between our Chamber of Commerce, the Italian Institute for Foreign Trade (ICE), the Public Authorities and the European networks: **Enterprise Europe Network** (www.enterprise-europe-network.ec.europa.eu/index_en.htm) and **Sustainable Energy Europe Campaign** (www.sustenergy.org); in particular Rigenergia has been recognized as **Energy Day**.

The **common denominator** of the various aspects of **Rigenergia** is the use of **renewable energies in mountain areas**, with a focus on **techniques of microgeneration** :

- solar thermal and photovoltaic
- geothermal
- wind energy (eolic)
- cogeneration (biomass, biogas and biofuels)
- low energy consumption house-building
- wireless remote control (heating, air-conditioning, lighting)

Initiatives

EXHIBITION AREA

1000 square metres for more than 100 exhibitors.

Expiration date to submit your request: **10th April 2008**.

See attached file for more information and fares (regolamento_GB)

TECNO CAMP

Thanks to the cooperation with the **Regione Autonoma Valle d'Aosta** and the **ICE – Italian Institute for Foreign Trade** you will dispose as well of a **conference area** (Tecno Camp) where you can promote the **novelties about renewable energies** and **energy saving**. Speakers will dispose for free of a one-hour slot to promote their products/activities. To sign to the Tecno Camp please contact: Margaux Jammaron tel. +39 0165 30 55 35

BROKERAGE EVENT

On **9th May** there will be **business to business meetings** (Brokerage Event) in order to realise technology transfers and / or commercial cooperations between companies, research institutes, public bodies...

Expiration date to apply: 24th April 2008.

For more information and to send your registration (filling in attached file Rigenergia2008_ApplicationForm_def) please contact: **rigenergia@ao.camcom.it** (tel. +39 0165 30 55 36).

!IMPORTANT!

ICE will select **10 foreign companies** and will **offer them travel and accommodation from 8th to 11th May in Aosta** together with the opportunity to participate in the **Tecno Camp** and in the **Brokerage event**, moreover these companies will benefit of a **promotional desk** in the **International Area** to distribute information material.
